

Cabinet Maker's Supply Hassle Free Return Form

When you need to return an item, please contact our Customer Service department to obtain a Return Goods Authorization number, or RGA.

Please email us at info@cabinetmakerssupply.com or call us at 888-CMS-HDWE (888-267-4393) and tell us what you would like to return, how many and why.

We will give you the RGA number and you then arrange to have it shipped back to us. It's that easy. And hassle free!

Please attach the shipping label provided below to the outside of your package and make sure to put the RGA number on the label.

If your RGA number is not listed on the outside of the box, your box could be refused and returned to you. And we wouldn't want that to happen.

Of course we can only refund the cost of the product only and it must be in good working order and in salable condition. If it is not, please don't send it back as you will be spending unnecessary money on shipping charges.

So, here's the label:
